Pep Squad

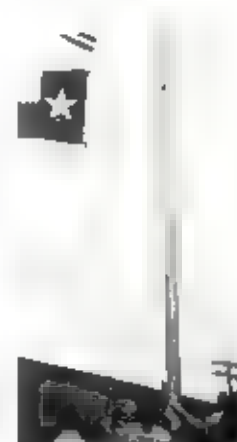

The job of boosting spirit for the Maverick football team fell to six cheerleaders and the Pearsall Pep Squad consisting of 24 members. Boosting morale and providing sympathy, the cheerleaders and pep squad were a welcome sight to spectators and team alike. These girls made posters and prepared for pep rallies in an effort to promote school spirit for both the student body and the team. These girls did a fine job in leading the Mavericks to victory and aiding the student body in their enthusiastic display of school spirit.

FIGHTER

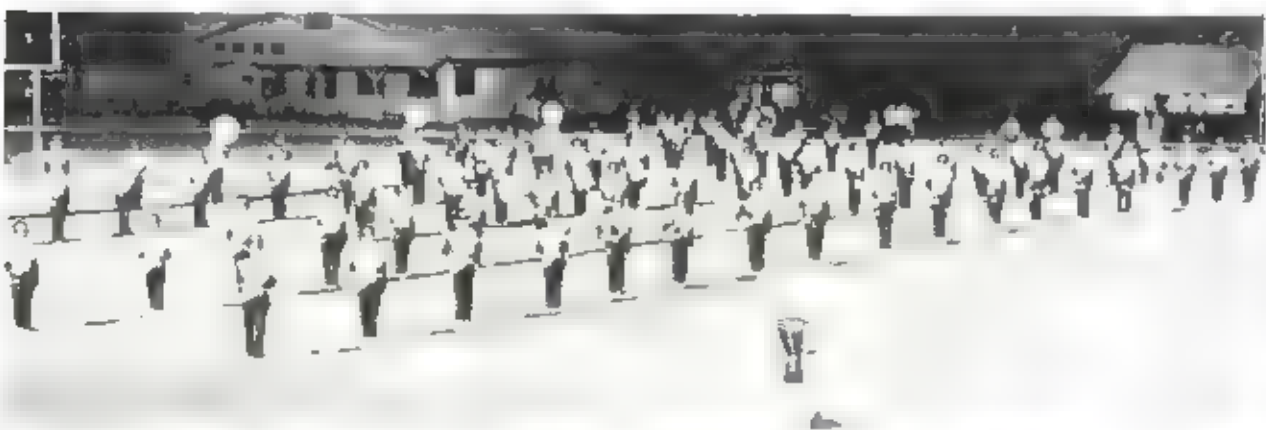

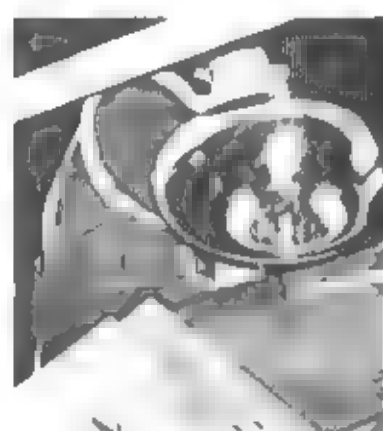

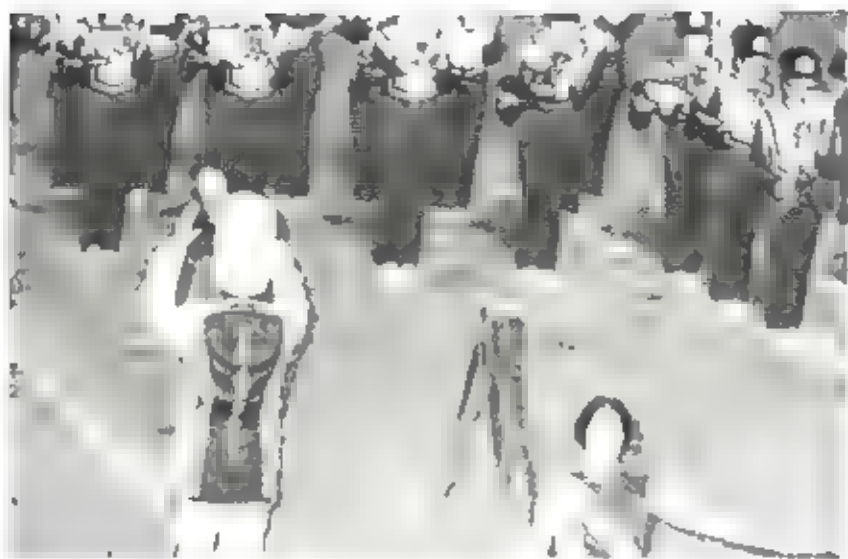

In January, the band traveled to Austin and participated in the Governor's Inaugural Parade by invitation from Governor Dolph Briscoe. The band also participated in the UIL Solo and Ensemble Contest returning with sixty-four first division medals. The band was awarded Sweepstakes for their superior performances at the University Interscholastic League Marching, Concert and Sightreading Contests.

Band

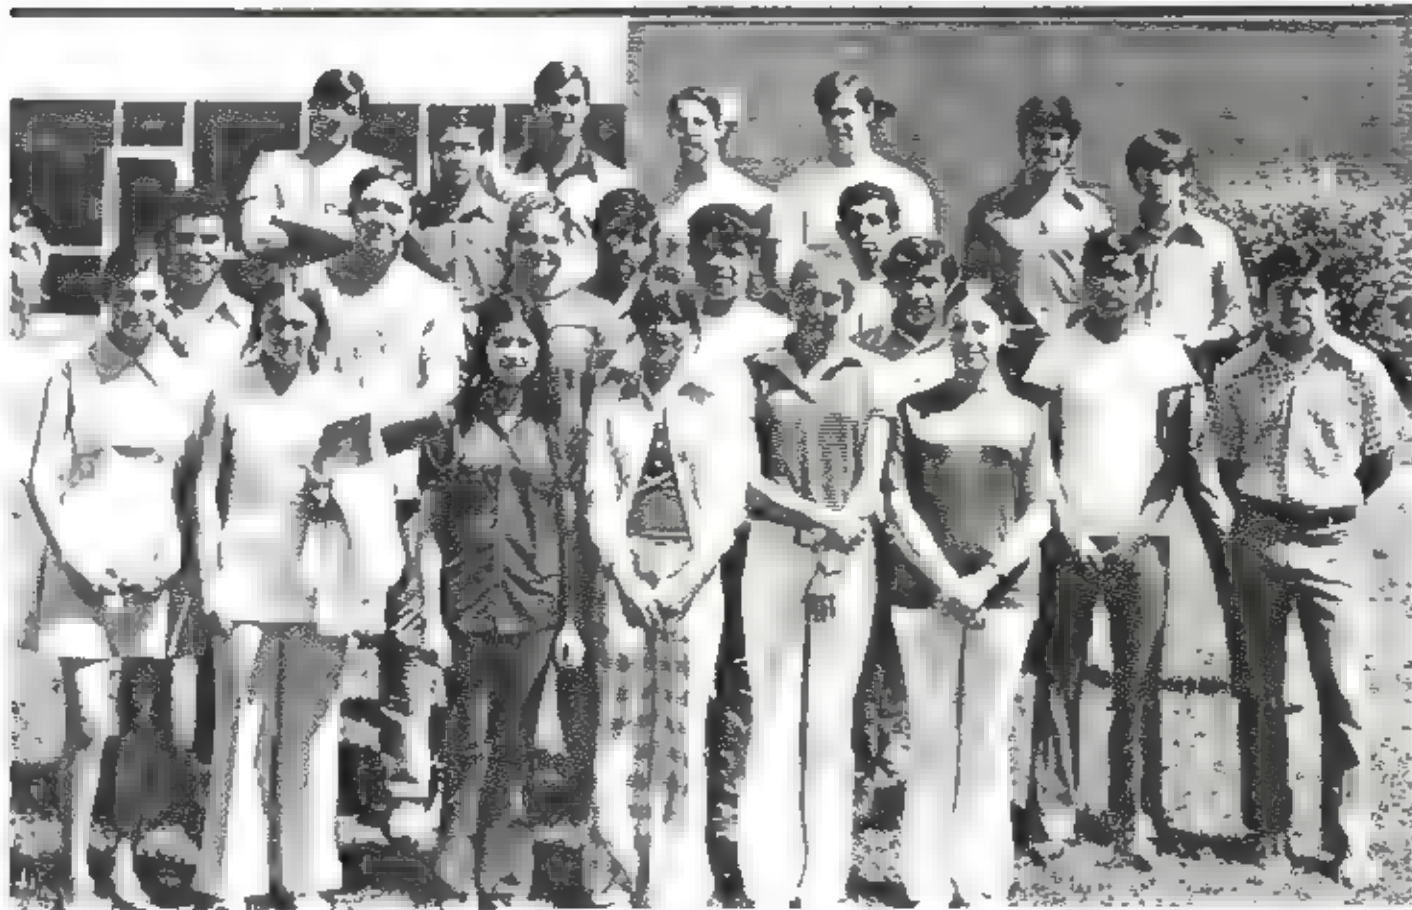

EN - WHITE

In order to receive this award, the band must receive first division ratings at all three contests. The band traveled to Corpus Christi to compete in the Buccaneer Music Festival, a National Standards Contest which issues invitation to First Division Bands only. They received 1st and Outstanding 2A band. They did this by the unanimous decision of all 10 judges at these contests.

Principal

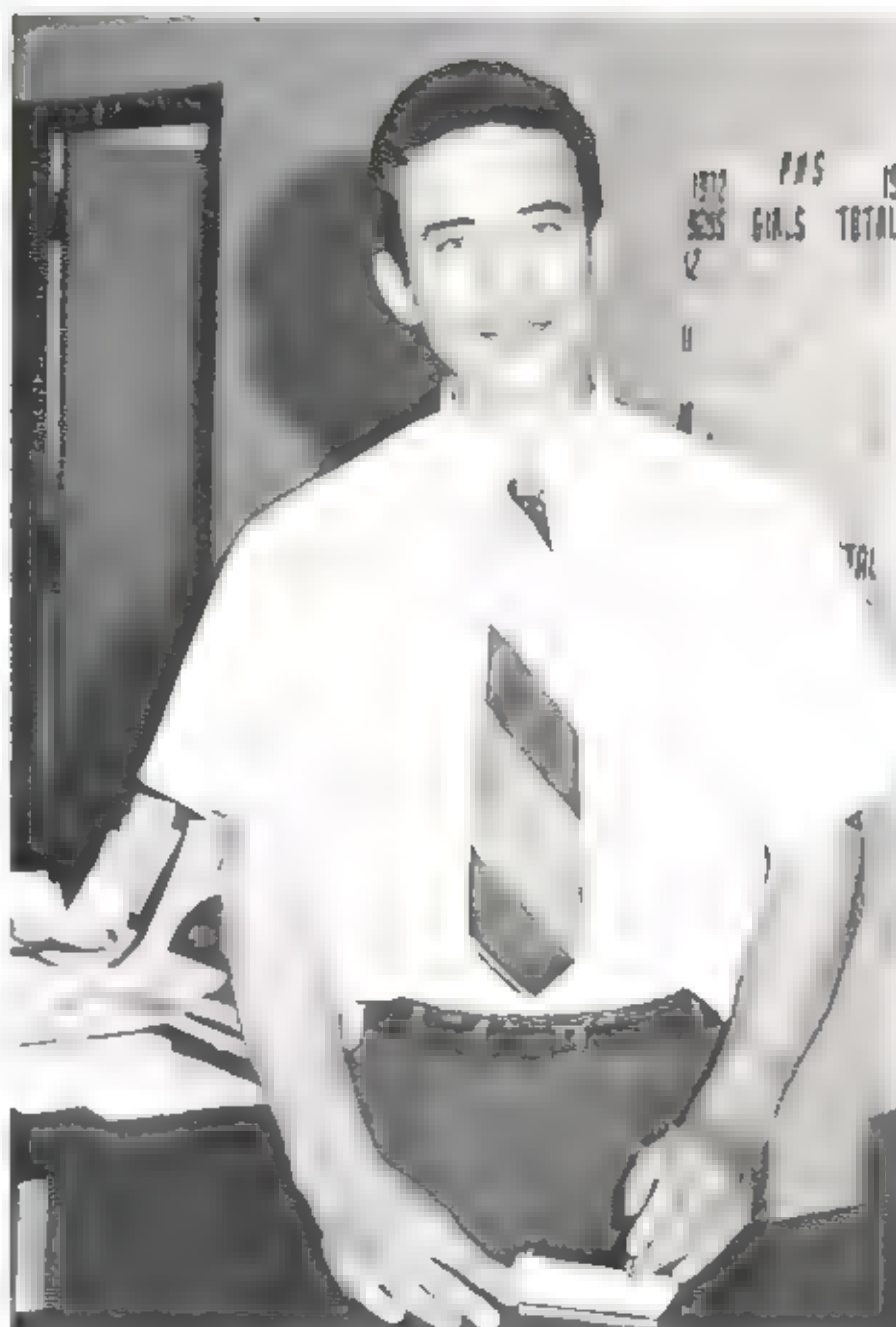

As we look back on this year from many years hence, we will surely find that problems and frustrations which seem so important fade away with the sounds of changing classes, the slam of locker doors and the memory of teacher's voices. The important thing will be what we have learned. Education is different than any other endeavor of our life. We can never take more from this process than we are willing to put into it. It is my sincere desire that you will put your life into learning in order that you may be of service to mankind and through this effort, by serendipity, achieve true happiness.

Through the Years, Remember . . .

The time the H and F living bathed Manliel . . .

When you jumped the hardest you had ever had to catch that pass . . .

Those crazy assemblies we had . . .

And when you stayed up too late . . .

Also Take With You the Memories of . . .

The time you knew that teacher had caught you . . .

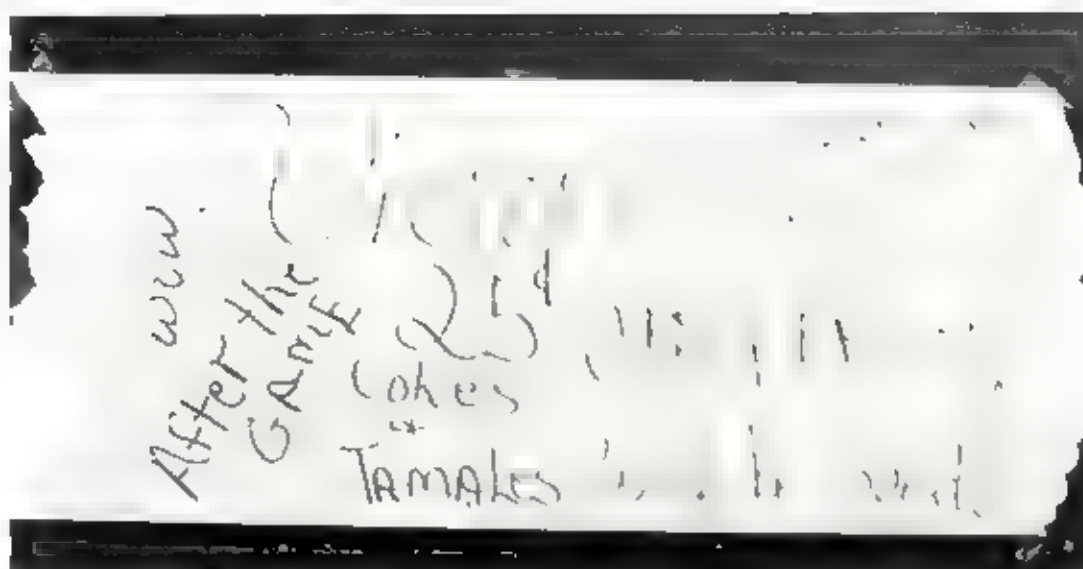

The different stunts to produce spirit . . .

The different monkeys on campus . . .

And of course the money-making projects to finance the year's activities.
